

Get the Most from Your Technology Extended Warranty Support on Your Terms

RELIABLE IT SUPPORT –

Experienced, cleared and poised to perform for your agency

Extend the life of your agency's technology well beyond OEM suggestions. SDV Solutions offers one of the most highly trained government IT service teams in the industry with maximum level of clearances, ready to support all of your systems. Enlist our team to manage and support your data-center servers, storage and networking equipment.

PROVEN TRACK RECORD –

Quality performance on top government contracts

DHS facilities, prime contractors and DoD agencies rely on SDV Solutions to support their most critical and sensitive IT hardware infrastructures, extending operational status at a reduced expense.

As the only Certified SDVOSB Company in the nation that maintains the highest certifications from CompTia, you can fully depend on our experienced and cleared technicians for your IT support and protection worldwide.

SERVICE LEVEL PLANS –

Tailored to work how you work

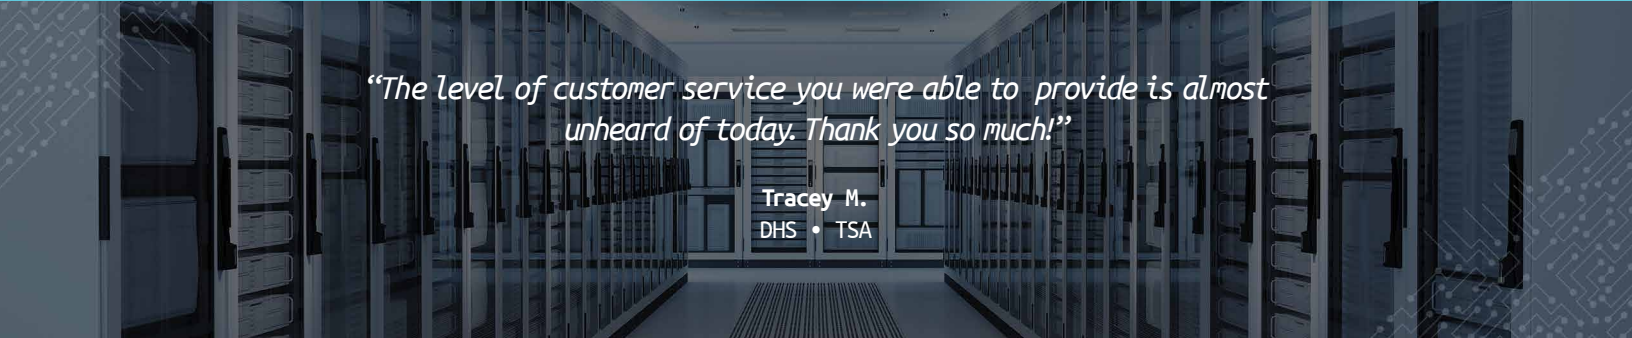

From business-hours Help Desk access to in-person Mission Critical support within four hours, SDV has a service option to best fit your agency requirements through Support Centers available internationally.

Platinum Help Desk Support 24/7, On-Site Support within 4 hours

Gold Help Desk Support 24/7, On-Site Support Next Business Day

Silver Help Desk Support Monday-Friday 8AM - 5PM, On-Site Support Next Business Day

All service levels are supported by expedited parts delivery. Advance sparring is also available.

"The level of customer service you were able to provide is almost unheard of today. Thank you so much!"

Your Independent Service Provider – Experienced Team, Effective Support Solutions

EXTENDED WARRANTIES

Advance your agency’s OEM equipment well beyond the existing warranty and artificial EOSL (End of Service Life) attached to any device, saving you time and money.

CONSOLIDATED MAINTENANCE AGREEMENTS

Customize your Period of Performance requirements for all devices. We allow you the freedom to consolidate multiple-warranty contracts, bringing all devices to the same end date. Plus, add or delete units throughout the life of a contract to ensure your support aligns with your expectations.

Rely on SDV Solutions for Cleared Personnel – Deployed to Your Site Immediately

SDV Solutions is one of the preeminent, government-focused, extended warranty service providers. Our team has both industry and OEM certifications, making them efficient, accurate and trustworthy for supporting DoD and government IT worldwide. With rapid response times and skillful problem solving, SDV will extend and protect the life of your technology, consistently on time, on target and on task.
